Taste World Snacks

About us

Tast World Snacks

Is a box filled with snacks from different countries around the world. That wants to give back to the world. Because as we all know, countries are not all financially equal in this world. That is why we choose to support the local community.

Now you're wondering how do we support the local community? Well each box is carefully assembled by a local resident of that country. They have a better understanding of what is a typical snack from there. They also know which snacks are the best and which are popular.

Of every box sold a part of the proceeds will go to that local resident. Not only a part of the proceeds of the box but also a part of the proceeds of the local snacks that you can find in our shop.

In our shop you can find all the amazing snacks from the box. So that you can purchase just that one snack you love the most and always keep an eye out because you never know when they will change.
